AHIP Certification

- AHIP – Launch date 6/19/17
- Discount rate for \$125 (\$50 off) available but you access the AHIP site through our site FIRST to get the discount
- UHC does not require AHIP certification. However, if you take AHIP for another Medicare Advantage Partner and pass with a score of 90% or higher, you can transfer the AHIP completion to UHC at no charge and it will satisfy the requirement for the following UHC modules:
 - Medicare Basics
 - Medicare Advantage Plans
 - Medicare Prescription Drug Plans

Important: You must transfer your AHIP completion BEFORE accessing the UHC training. Failure to do so will result in your AHIP score being rejected. After completion go to the home page and click – transmit to UHC.
