

Introducing “On-the-Spot” Underwriting from Capitol Life

With Capitol Life’s “On-the-Spot” Underwriting, you’ll have your Medicare Supplement application decision in minutes, not weeks. When you submit an e-application you’ll immediately receive one of the following notifications:

- **Green** and your application is approved. Your reference number becomes your policy number
- **Red** and your client’s application has been declined. You then have the opportunity to place them in another plan
- **Yellow** and you’ll call a toll-free number, have your client answer a few questions and you’ll have the decision in minutes

On-the-Spot Underwriting... only with Capitol Life.
