## MEDICARE REFERRAL PROGRAM

Most agents don't want to deal with the hassles and fees (\$5000+) that come with getting licensed and certified to sell Medicare plans in all 50 states...

But what happens when your EXISTING Medicare client moves to a state where you aren't licensed?

We understand, and that's why we created our Medicare Referral Program.

You solidify your relationship with your client by sending them to a Medicare expert and you get paid for it, hassle free.
