I Have Some Questions . . .

1Q Who can join the Altrua HealthShare Membership?

- 1 Our Membership is for anyone who believes in living a healthy lifestyle and can agree to our Statement of Standards. You and any qualified dependents who you include on a Membership Enrollment Application must each agree to align with the beliefs and standards of Altrua HealthShare as stated in the Statement of Standards. If you have medical needs that result from actions contrary to the Statement of Standards, those needs may be deemed ineligible for sharing and may result in that individual's termination from the Membership.
- 2 When you apply for membership, you affirm that you (and any qualified dependents on your Membership Enrollment Application) have met all criteria and acknowledge that you have reviewed and disclosed any pre-existing conditions that may exist and that may be subject to a two-year, five-year and lifetime limitations. If at any time it is discovered that you did not submit a complete and accurate Membership Enrollment Application, this may result in a retroactive limitation or termination of your membership. Any medical needs resulting from or related to the Retroactive Limitation will not be eligible for sharing and your membership can be terminated effective the last day of the month in which the Retroactive Limitation was discovered.
- 3 The Primary Contact's signature on the Membership Enrollment Application represents the continued commitment by each member in the household. Upon enrollment a Membership Commitment form must be submitted on behalf of all members of the household acknowledging their continued commitment to:
 - Altrua HealthShare Membership
 - Statement of Standards
 - Acknowledgements section of the Membership Enrollment Application
 - Escrow Instructions for sharing of Member contributions
- 4 The Membership Commitment Form may be signed electronically. Failure to submit the signed Membership Commitment Form may result in sharing of medical needs being placed on hold until it is received.

2Q What is the Statement of Standards?

- 1 I agree to live a clean and healthy lifestyle and I share the following ethical and religious beliefs:
 - I believe in caring for one another.
 - I believe in keeping my body clean and healthy with proper nutrition.
 - I believe that excessive alcohol consumption, as well as the use of tobacco or illicit drugs, is harmful to the body and soul.
 - I believe sexual relations outside the bond of marriage are contrary to the teachings of the Bible and that marriage should be held in honor.
 - I believe abortion is wrong, except in a life-threatening situation to the mother.
 - I believe it is my obligation to care for my family, and that physical, mental, or emotional abuse of any kind to a family member, or to anyone else, is morally wrong.

3Q Can I use any medical provider?

- 1 Yes, and you now have access to a new healthcare concierge service that you can call to find out whether your new provider or future provider is on our preferred provider list! Just call 833-3-ALTRUA and follow the prompts.

4Q How long has Altrua HealthShare been in operation?

- 1 Altrua HealthShare, including its predecessor, Blessed Assurance Bulletin, has been sharing medical needs among Members since 1996 and have saved or shared more than \$100,000,000 to date. Altrua Ministries, Inc., a 501(c)(3) organization dba Altrua HealthShare.

5Q Is Altrua HealthShare insurance?

- 1 Altrua HealthShare is NOT insurance and Altrua Ministries is not an insurance company. The Membership is a health care sharing ministry that facilitates member-to-member sharing. All Members' monthly contributions are deposited into an Escrow Account from which all eligible medical needs are shared on a member-to-member basis.

6Q Is Altrua HealthShare exempt from the Affordable Care Act?

- 1 We are recognized by the Centers for Medicaid and Medicare Services (CMS) as a Health Care Sharing Ministry and all active Members are eligible for exemption from the federal tax penalty. See the Affordable Care Act on our website for more information.

7Q How will Altrua HealthShare handle my private personal and medical information?

- 1 Although Altrua HealthShare is NOT an insurance company we require all our employees to be HIPAA certified and adopt all the basic tenets of the HIPAA Privacy Standards.

8Q What makes a medical need eligible for sharing?

- 1 It has to meet a status indicating that you have met the conditions that qualify for sharing as described in the Membership Guidelines, and your medical needs fall within the sharing limits. See Eligible Medical Needs in the Glossary.

9Q What is the monthly premium amount?

- 1 Altrua HealthShare Members do NOT have a monthly premium. Our Members receive a Voluntary Monthly Contribution Request. The amount varies based on age and the number of members in your family and the Membership you choose. See the specific Memberships on our website at <https://altruahealthshare.org/myshare/> or log into your Member Portal.

10Q Who can take part in the Membership?

- 1 Our Membership is for anyone who believes in living a healthy lifestyle and can agree to our Statement of Standards.

11Q What if I become a Member and then decide that a Health Care Sharing Ministry is not right for me and/or my family?

- 1 At Altrua HealthShare we understand that this may be your first time considering a Health Care Sharing Ministry as an affordable healthcare option. That's why we offer a 30 day trial experience, so if during your first 30 days of membership, you decide that a healthshare is not the right fit for you, we will refund your first month's contribution. However, please note that the initial application fee and ministry donation are not refundable. We want you to feel confident as you make the right choice for your family.. Should you choose to discontinue your membership during the initial 30-day trial experience, the Membership will not share in medical needs that arise within the initial 30-day time period.

12Q What happens when I turn 65?

- 1 If you are already on a membership when you turn 65 years of age, your membership will continue, but Altrua will be secondary to Medicare, if you are eligible for Medicare

13Q What is the deductible amount?

- 1 Altrua HealthShare Members do NOT have deductibles. Members have Member Responsibility Amounts (MRAs) that vary according to the specific Membership chosen. The MRA is the dollar amount that a Member must pay toward eligible medical needs before any bill may be shared among Members. For example, if your 1st MRA is \$500, then the first \$500 of all eligible medical needs will not be eligible for sharing; it is your responsibility.

14Q How are my contributions kept by Altrua HealthShare and what assurance do I have that they will be properly shared for the Memberships administration and the sharing of eligible medical needs?

- 1 At Altrua HealthShare, we pride ourselves on honesty and integrity. We operate our healthshare according to biblical standards. We keep your Member contributions in an escrow account. Altrua HealthShare engages an independent certified public accountant to audit its financial statements annually in accordance with generally accepted accounting principles (GAAP). The governing board communicates regularly with management and, when appropriate, with the Altrua HealthShare independent certified public accountant, regarding any material deficiencies or risks in the financial management or operations of Altrua HealthShare. Altrua HealthShare has instituted separation of duties practices in the receipt and disbursement of all administrative funds and funds used for sharing medical expenses as established by GAAP and GAAS (generally accepted auditing standards).
- 2 When you give a monthly contribution, those contributions are placed in the escrow account and held in trust for sharing of medical needs. A small amount of your contribution is set aside for daily operations and your eligible medical needs are processed as they are submitted. Once deemed eligible, the eligible medical need bills are paid directly to your provider or, if you have already made payment, you are reimbursed for your eligible medical need costs once your Member Responsibility Amounts have been met. If you have any doubt about whether a medical need is eligible, please call for an Advance Opinion for Eligibility.

15Q What is a membership escrow?

- 1 An escrow account is a financial instrument in which assets are held by a third party (Altrua HealthShare) on behalf of our Members.

16Q How do claims get processed?

- 1 Altrua HealthShare is NOT an insurance company and our Members do NOT file 'claims.' Altrua HealthShare Members share in eligible medical needs. Altrua HealthShare processes eligible medical needs for sharing among the Membership. Your medical provider may submit your medical needs by using the instructions within your Altrua Member Portal or at <https://provider.altruahealthshare.org/>. Once the medical need is received and determined eligible for sharing, the medical need is assessed, and MRAs are applied. The Membership will send your provider payment for the shareable amount from the membership escrow account.

17Q What do I tell my provider when I need medical attention?

- 1 Members can explain to any medical provider or facility that they are a participant in a Health Care Sharing Ministry and that you are a self-pay patient. Show your provider the Altrua HealthShare Member ID card either from the Altrua HealthShare App or the physical card

printed from the App or the Member Portal and explain that the medical need should be sent by the provider either electronically or by mail as outlined by the instructions in the Member Portal.

18Q What is ERS ? How does it help me?

- 1 The Established Provider Reimbursement Solution (ERS) is a pricing mechanism that eliminates the need to use a traditional “network” or “affiliated providers” while driving down costs. This allows our Members to go to any provider or facility they choose regardless of their network affiliation, and skip the extra costs that used to be associated with visiting a non-affiliated provider. You now have access to virtually any provider in the nation. Members also have access to a new concierge service that you can call to find out whether your new, or future provider is on our preferred provider list! Just call 833-3 ALTRUA and follow the prompts.
- 2 Altrua HealthShare encourages you to contact your provider to verify any new patient status or location. We also encourage you to contact our healthcare concierge service to find your preferred providers before you receive care.

19Q What are “Pooled” Office Visits?

- 1 At Altrua HealthShare, we understand that sometimes you may have one family member who over the course of a year uses only a few of their allotted office visits, while another family member may need to use more than their allotted office visits. That is why we now offer the Pooled Office Visits feature. Households may now combine their individual office visit allotments so that unused office visits of one household member can be used by another household member. For example, if you are a family of five (5), and you have selected six (6) office visits per family member, under the Pooled Office Visits feature, you would now have a combined family office visit allotment of 30 visits for the year. This allows you greater flexibility to utilize office visits for family members who may require more office visits during any particular year. The Membership will share up to \$300 per eligible office visit.
- 2 The office visit MRA only applies if the CPT (Current Procedural Terminology) code associated with an office visit is applied with an E/M (Evaluation and Management) code. If an office visit CPT code is not documented, charges will be applied to the 1st, then 2nd MRA.

NOTE: Members should use one of their office visits for any required or recommended testing for females over 40 and males over 50. Additionally, the Membership will share up to \$500 for female Members over 40 for routine mammograms or breast ultrasounds

20Q Can I be a Member of Altrua HealthShare and have health insurance?

- 1 Yes, a Member can have traditional health insurance through work or another source. Members can utilize the Membership to share in the portion of eligible medical needs that the health insurance plan does not cover. Altrua HealthShare will always be secondary in the sharing of eligible medical needs to any other insurance or liable party.

Membership Qualifications

This section describes your qualification requirements for an Altrua HealthShare Membership, your rights and responsibilities, your commitments (including your financial commitments), and important details regarding your membership.

Qualifying for Membership

You, and any qualified dependents you include on a Membership Enrollment Application, must each meet the following criteria to qualify for membership in Altrua HealthShare:

Alignment with Beliefs and Standards

All Members acknowledge that they share a common set of ethical and religious beliefs as outlined in the Statement of Standards. Medical needs resulting from actions contrary to the Statement of Standards may be deemed ineligible for sharing and may result in termination from the Membership.

Statement of Standards

I agree to live a clean and healthy lifestyle and I share the following ethical and religious beliefs:

- believe in caring for one another
- believe in keeping my body clean and healthy with proper nutrition
- believe that excessive alcohol consumption, as well as the use of tobacco or illicit drugs, is harmful to the body and soul
- believe sexual relations outside the bond of marriage are contrary to the teachings of the Bible and that marriage should be held in honor.
- believe abortion is wrong, except in a life-threatening situation to the mother.

- believe it is my obligation to care for my family, and that physical, mental, or emotional abuse of any kind to a family member, or to anyone else, is morally wrong.

If you become ill and it is indicated in your medical records that the cause of your illness is the direct result of a violation of the Statement of Standards, your medical need may be deemed ineligible for sharing. Examples of Statement of Standards violations are conditions directly related to, or the result of, the use of tobacco or nicotine, excessive alcohol use, illicit drug use or sexually transmitted Infections (STI). If a Medical Need is determined to be ineligible due to a Statement of Standards violation, you may appeal the decision within 30 days by submitting an appeal form along with supporting documentation from your provider containing adequate information to show that the condition or illness was not related to a Statement of Standards violation. If you do not provide such documentation in a timely manner, all your medical needs resulting from or related to those actions found contrary to the Statement of Standards will remain ineligible for sharing. Another consequence of violating the Statement of Standards is the possibility that your Membership may be withdrawn. Such withdrawal will be determined on a case-by-case basis.

If your ineligible needs resulted from or was related to tobacco, nicotine, illicit drugs or STI, you may reapply for membership after 12 months of abstinence. Such application may be considered on a case-by-case basis, although Altrua HealthShare shall have no obligation to reconsider your application.

NOTE: Please note that if your Membership is withdrawn, any contributions paid prior to the date of withdrawal are “non-refundable”, as your contributions will have already been submitted for member-to-member sharing.

Membership Commitment

The Primary Contact of the household age 18 and older must sign the Membership Commitment Form on behalf of each member of the household. The Primary Contact’s signature represents continued commitment by each member in the household.

The Primary Contact of the household age 18 and over must submit a Membership Commitment Form acknowledging their continued commitment to:

- Altrua HealthShare Membership
- Statement of Standards
- Acknowledgments section of the Membership Enrollment Application

- Escrow Instructions for sharing of Member contributions
- The Membership Commitment Form may be signed electronically through the Altrua HealthShare App or Member Portal. Failure to submit the signed Membership Commitment Form by the date required will result in sharing of medical needs being placed on hold until it is received.

Application and Upper Age Limit

All qualifications for membership with Altrua HealthShare must be met on the date of application for membership enrollment.

THE APPLICANT(S) MUST QUALIFY ACCORDING TO THE FOLLOWING

AGE RANGE

30 Days–64 Years

Note: If you are already on a membership when you turn 65 years of age, your membership will continue, but Altrua will be secondary to Medicare.

NOTE: Non-U.S. citizens may qualify for membership as determined by Altrua HealthShare on a case-by-case basis.

Contributions and Membership Effective Date

You must apply by the last day of the month in order for your membership to be effective on the 1st day of the next month. You also have the option to select the following month or any month after for your membership to become effective.

You will be enrolled as a Member of Altrua HealthShare once your Membership Enrollment Application fee and ministry donation are received. Your membership will become active on the 1st day of the month you selected on your Membership Enrollment Application. However, your 1st monthly contribution and the Membership Commitment Form must be received for your medical needs to become eligible for member-to-member sharing.

Complete and Accurate Membership Enrollment Application

When you apply for membership, you affirm that you (and any qualified dependents on your Membership Enrollment Application) have met all criteria and acknowledge that you have reviewed conditions subject to two-year, five-year, and lifetime limitations. If at any time it is discovered that you did not submit a complete and accurate Membership Enrollment Application the assessment results from the Membership Enrollment Application will be applied. This may result in a retroactive limitation or denial of your membership. Any medical needs resulting from or related to the retroactive limitation will not be eligible for sharing. If it is discovered that the member was diagnosed with cancer or pregnant prior to enrollment, the membership may be withdrawn or if you are allowed to remain on the membership, any condition considered pre-existing will not be eligible for sharing.

Spouse and Dependent Children

Spouse

A dependent spouse may participate in a combined membership with the Primary Contact, provided they meet the qualification criteria described in the Membership Enrollment Application and the Membership Guidelines.

Dependent Children

Additionally, your unmarried dependent child(ren) up to the age of 23 may participate in Altrua HealthShare under a combined membership provided they also meet the qualification criteria.

If your unmarried dependent child(ren) wishes to continue participating in the Membership once they no longer qualify to participate under a combined membership, they may contact a Member Services Representative for further assistance.

Newborns

Newborns who are born into the Membership via an eligible maternity need can be added to your membership without having to meet any criteria in the Membership Enrollment Application. However, you will need to add your newborn as a dependent. In this instance the newborn's membership will be effective from the date of birth as long as the applicable contributions have been received.

The legal guardian or adoptive parent may apply for membership on behalf of the infant that does not qualify as being born into the membership once the infant is over 30 days old. The infant is subject to the add-on membership enrollment process and membership limitations for any pre-existing conditions apply.

Criteria for Dependents without Parent Participation

Children between 30 days old and 22 years of age may qualify for membership without their parent's participation. If so, the child's parent or guardian must complete and sign the Membership Enrollment Application and any associated materials on the child's behalf, and is responsible to ensure that all application requirements, Membership Guidelines, and Statement of Standards are met.

Financial Participation

To maintain active membership, you must be in good standing with the following financial membership commitments.

FINANCIAL COMMITMENT	DUUE DATE
Monthly Membership Contribution	Any day before the 15th of each month
Monthly Donation to Altrua Ministries	\$3 of your monthly contribution goes to Altrua Ministries.
\$100 Membership Renewal Fee	Each Year on the month and day of your membership effective date.

Monthly Contributions

Your monthly contributions are voluntary contributions that are non-refundable. For any amounts that are returned by a financial institution, a \$35 administrative fee is assessed. Members have until the end of the month for the contribution to be submitted in order for their membership to remain effective for the following month. Membership is on a month-to-month basis and may be canceled on or before the last day of the month in order for the cancellation to become effective the 1st of the following month; however, any contribution made previous to the cancellation date is non-refundable. The goal of Altrua HealthShare is to have administrative costs associated with member needs at or near 20%.

Requested Due Date

Any day, on or before the 15th of each month, the Member specifies payment of contributions to be made.

IF THE RECURRING MONTHLY CONTRIBUTION IS NOT RECEIVED

Not received by the 15th of a Participating Month	\$35 administrative fee is assessed Medical needs remain eligible for sharing (assuming they meet eligibility criteria) until the end of that month or until the contribution is received for that month.
Not Received by the End of a Participating Month	Medical needs become ineligible for sharing until the past due contribution is received.
Not Received by the End of the Following Month (60 Consecutive Days from the Contribution Request Date)	The membership is withdrawn effective the last day of the month in which the last monthly contribution was applied. Once the membership is withdrawn, a new enrollment is required.

As a participating Member of a healthcare sharing ministry, you remain responsible for all your medical needs and therefore, Altrua HealthShare Members are not responsible for any part of your medical needs.

If eligible medical needs for any particular month exceeds the escrow account balances, then you (and the other participating Members) may be asked to share in these medical needs with an additional voluntary contribution. To date, Altrua HealthShare has never requested additional contributions from the Membership to provide for sharing in eligible medical needs.

Membership Changes

Changes and Upgrades

If you would like to change or upgrade your membership, please call Member Services. You will need to make these changes or upgrade on or before the last day of the month to make these changes effective by the 1st of the following month. Altrua HealthShare is the sole authority for approval of any membership changes. Once approved, the changes will go into effect on the first day of the following month.

NOTE: If you change your Membership, any accumulations towards your previous MRA will not carry over to your new Membership.

Changes to the Guidelines

The Membership Guidelines are reviewed annually by a committee appointed by the Board of Directors. Suggested changes are accumulated throughout the year and are considered on an annual basis.

Changes to Contribution Amounts

The Board of Directors relies on 25 years of Altrua HealthShare historical medical data to make recommendations on contribution amounts. The changes are made by the Board at their discretion. We receive feedback by Members throughout the year regarding contribution levels.

Voluntary Membership Cancellation

If you would like to discontinue your membership, please contact a Member Services Representative at 1.833.3-ALTRUA (258782).

To assist us in improving the Altrua HealthShare membership, please provide your reason for membership cancellation. In order to allow sufficient time to process your cancellation effective the last day of the current month, we suggest that you submit your cancellation request by the 15th. However, cancellation requests may be received and processed through the last day of the current month. Your cancellation will become effective on the last day of the month of your request. Your contributions and medical needs will continue to be processed until your requested cancellation date.

If you would like to rejoin the Membership at a later date, please complete a re-enrollment Membership Application by logging into your Member Portal or contact Member Services for assistance.

Once the membership has been voluntarily canceled, re-enrollment is considered a new membership and is subject to pre-existing condition limitations and waiting periods. Credit will not be given for satisfying any period of time during previous active membership.

Interruption to Membership

Any break in Membership contributions of 60 days or more, for any reason, with later re-enrollment is considered a new membership and is subject to pre-existing condition limitations. Credit will not be given for satisfying any period of time during previous active membership. A condition that developed while on previous active Membership will be considered a pre-existing condition before Membership and subject to limitations.

If you find yourself in an extenuating circumstance financially, please contact Altrua Ministries (<https://altruaministries.org/contact/>) for more information

Using Your Membership

Review the Membership Guidelines of your new Membership to gain a full understanding of membership offerings available to you and be sure to review them regularly.

You may access the Membership Guidelines online at any time at <https://altruiahealthshare.org/myshare/> or log in to your Member Portal.

How to Submit Eligible Medical Needs

We adhere to medical industry standards and ask that you or your provider submit the standard medical billing forms to efficiently process medical needs. Therefore, when requesting the Membership to share in your eligible medical needs, please submit a CMS 1500 and/or the UB-04 or a billing form similar thereto in accordance with the medical needs submission instructions in the Altruia HealthShare App or on the back of your current Member ID card.

A Needs Processing Form (NPF) and medical records may also be required, depending on the nature of your medical need. When requested, log into your member portal and click the Needs Processing Form button to complete your Needs Processing Form.

Timely Filing

- You or your provider must submit requests for sharing no more than 180 days after the date you received service.
- Requested documentation you or your provider submit for sharing more than 180 days after the date it was requested (Needs Processing Form, medical records, or primary Explanation of Benefits (EOB), etc.) will not be eligible for sharing.

Sharing and Communication Process for Medical Needs

Once needed documentation has been received from the Member and their Provider, it is the goal to have eligible needs shared within 30 to 45 days. However, there are times when medical records requests take longer, and there are some medical needs that require a more extensive timeline in order to procure all needed information and documentation.

What Should I Do When I Need Medical Care?

In case of an emergency contact 911.

To help you get the most out of your membership, Altrua HealthShare uses ERS (Established Provider Reimbursement Solution) which means that all members can freely choose between providers and facilities rather than being restricted by a network. Using the ERS, preferred providers assist you in obtaining the maximum value of your membership. Using ERS preferred providers can offer significant savings, thereby lowering individual Member Responsibility Amounts. It is best to identify a preferred provider and/or facility in your region before you seek care. To do so, simply call 1.833.3-ALTRUA (258782) and speak to our healthcare concierge to ask about preferred providers in your area.

You must present your Member ID card on the Altrua HealthShare App (or, if you prefer to print the card, you may use that) to the provider at the time of services for discounts to apply.

What to Do When Your Provider Requires Self-Payment

If your provider will not accept the Altrua HealthShare Member ID card on the Altrua HealthShare App, please ask if they can apply a self-pay discount. Once you have met the applicable MRA's, and

have submitted the required information, you will be reimbursed for the eligible medical need services that were provided.. An Advance Opinion for Eligibility may be requested but is not required. Itemized statements must include the following information (at a minimum) for Altrua HealthShare to accept them for review:

- Provider's Name
- Diagnosis Code (ICD-10)
- Procedure Code (CPT, HCPCs, or Rev Codes)
- Date of Service (DOS)
- Billed Charges
- Itemized receipt for Proof of Payment

For additional information please refer to

<https://altruahealthshare.org/how-it-works/submit-a-reimbursement-request/>.

A Needs Processing Form (NPF) and medical records may also be required, depending on the nature of your medical need. When requested, log into your Member portal and click the Needs Processing Form button to complete your Needs Processing Form.

You may submit your needs request by sending the information through secure email to memberforms@altruahealthshare.org, by fax to 1.512.382.5520.

What is a Superbill?

When you visit a provider who isn't familiar with Altrua HealthShare or who has chosen not to work with health shares, you will want to ask for a Superbill so you can submit for reimbursement from Altrua HealthShare. A Superbill is a document used by healthcare providers that provides important information used by Altrua Healthshare for processing your reimbursement request for an eligible medical need.

A Superbill is a specific list of all services a patient received from the healthcare provider during their visit. It includes things like provider information, various medical codes like CPT codes, HCPCS and REV Codes and ICD-10 codes, referral information, and other important items.

The following is required information:

- Provider Name
- Patient First Name and Last Name
- Patient date of birth (DOB)
- Date of visit / Date of Service
- Procedure Codes and Description (CPT / HCPC / REV)**
- Diagnosis Codes and Description (ICD-10)*
- Fees Charged
- Optional but helpful information includes:
 - Altrua Member ID
 - Patient address
 - Patient phone number
 - Modifiers**
 - Units or Minutes

Balance Bill

What is a Balance Bill?

A practice where doctors or other healthcare providers bill you for charges exceeding the allowed amount on your Explanation of Sharing (EOS).

If you receive a bill from your provider or facility for an amount more than the "What you may owe" amount for an eligible medical need, review the additional instructions below.

When you receive your EOS, you may receive a letter with further instructions on resolving your balance bill. You should review the letter and follow the information contained in the letter.

If you did not receive a letter with your EOS, you may submit a revised bill from your provider reflecting the balance for the remaining amount and proof of payment for any applicable MRA amounts. The Membership will reprocess the eligible medical need according to the Membership Guidelines. Please email the most recent bill showing proof of payment of your Member Responsibility Amount to memberforms@altruahalthshare.org.

Advance Opinion for Eligibility

If at any time you are uncertain whether a medical need is eligible for sharing, we encourage Members, providers, and facilities to submit an Advance Opinion form via <https://provider.altruahealthshare.org/AltruaAdvancedOpinionForm> or by sending the form via fax to 737-402-7752. If the need is related to a pre-existing condition or limitation, it is unlikely it will be eligible for sharing.

Why get an Advance Opinion for Eligibility?

Obtaining an Advance Opinion for eligibility helps protect you as the Member, by clarifying eligible and ineligible needs. We highly recommend always getting an Advance Opinion for Eligibility on any medical need that is not clearly set out in the guidelines.

Medical need eligibility is determined based on the medical coding submitted by the health care provider and any requested medical records.

PLEASE NOTE: An Advance Opinion for Eligibility is NOT a pre-authorization and obtaining an Advance Opinion for Eligibility does not guarantee your medical need will be eligible for sharing.

Medical Need Advocacy

Medical Need Advocacy is available for Members having significant medical needs. Altrua HealthShare offers this support both upon Member request and automatically for certain medical conditions. Altrua HealthShare may alter or waive normal Membership Guidelines provisions when expecting a cost-effective result, without sacrificing the quality of care. The use of Medical Need Advocacy is recommended for you and qualified dependents; however, non-compliance with the medical need advocate's recommendation could result in the medical need, or related medical needs, to be ineligible for sharing.

Negotiations

Eligible Medical Needs with a billed amount of \$5,000 or higher are reviewed and evaluated by our skilled negotiations team. The Negotiations Team confers directly with your provider to try to obtain the best discount possible on your medical needs billing. Altrua HealthShare requires that all Members cooperate and assist the negotiations team. Our negotiations team may ask you for additional information and to fill out specific forms such as The Family Information Sheet and Financial Assistance applications. This information allows the negotiations team to gain the deepest discount possible with your Provider. We require your participation in the negotiations process. If you do not respond to our request for additional information within 14 days, your medical needs will become ineligible for sharing.

Waiting Periods

The following medical needs are ineligible for sharing from your membership effective date unless the treatment or services were performed during an eligible office visit, an eligible emergency room visit or eligible inpatient surgery related to an emergency room admission, that has occurred after the effective date:

Medical Treatment Received Outside of the US

All your medical needs received outside of the country (for example, while you are on vacation), and that are not related to medical tourism, will be subject to the usual eligibility requirements. If you are treated outside the United States, your entire itemized medical needs details must be translated into English and converted into U.S. dollars based on the date that services were rendered. You must review your medical needs details and assume responsibility for all medical needs as a self-pay patient, then submit your medical needs for reimbursement as described in the section above on "What to do when your provider requires self-payment."

NOTE: finance charges and currency exchange fees are not eligible for sharing.

1st MRA

Your 1st Member Responsibility Amount (MRA) is based on your selection at enrollment and is per member, per calendar year.

Each Member is responsible for meeting the 1st MRA per calendar year, based on the 1st MRA amount selected at the time of enrollment. Once a member has met the 1st MRA amount the 2nd MRA applies.

2nd MRA & FAMILY LIMITS

While meeting the 2nd MRA, the member and Altrua Healthshare share responsibility for all eligible medical needs simultaneously. The member is responsible for 25% of the next \$10,000 of eligible medical needs. This would be equal to a maximum of \$2,500 for the Member. Altrua will share the other 75% of the eligible allowed amount.

After your 2nd MRA has been met, Altrua HealthShare will share in 100% of the allowed amount of any eligible medical needs, up to any sharing maximums designated within your selected membership.

Once the 2nd MRA in the amount of \$7,500 has been reached by a family, there will be no additional member responsibility amount due during the membership year. Members are still responsible for co-share amounts.

Eligible Medical Needs and Maximums

This section lays out various types of eligible medical needs and the associated limitations for sharing them. If your personal situation requires it, you may receive additional instructions in writing from Altrua HealthShare about other limitations that may apply for your Membership.

Primary Care, Specialist Visits and Urgent Care Facilities

Primary care, urgent care and specialist visits are eligible for sharing under the office visit co-share. A Member household is allowed any combination of office, specialist, or urgent care visits, per family member or dependent, in a group whose members have been accepted to a combined Membership, each calendar year. Members select the number of visits they want per family member per year, between 1-10 visits.

And remember, these allotted visits can be pooled and shared for use by all active members on the combined membership. If your household exceeds the allotted visits in the calendar year, the Member will be responsible for any charges incurred for any additional office visits. Further, these additional office visits will not be applied towards your 1st or 2nd MRAs, and any such charges are ineligible for sharing.

MyShare Members submit a \$35 office visit co-share to the licensed medical professional, and the Membership will share up to \$300 per eligible visit on the Member's behalf.

Office visit co-shares are not applied to the 1st or 2nd MRA.

The office visit co-share only applies if the CPT (Current Procedural Terminology) code associated with an office visit is applied with an E/M (Evaluation and Management) code. If an office visit CPT code is not documented, charges will be applied to the 1st, then 2nd MRA. For example, if you visit your primary physician for a cold, and your doctor sends you to a radiologist down the hall for a chest

x-ray, it is possible that the visit to the radiologist may not be considered an office visit because of the way that exam is coded.

Membership limitations and pre-existing conditions do not apply to office visits.

Emergency Room Visits Eligibility for Sharing

For the benefit of all the Members, the use of the emergency room at the hospital is for serious, emergent medical issues only. Treat non-emergency medical needs such as sick office visits or wellness visits by utilizing telemedicine, at a primary care physician's office, or urgent care facility. When you use the emergency room for routine medical needs or non-emergency needs, the cost is typically exorbitant, and will not be shared by the Membership.

An emergency is when treatment must be rendered to the patient immediately for the alleviation of the sudden onset of an unforeseen illness or injury that, if not treated, would lead to further disability or death.

Eligibility for sharing purposes of an emergency room visit will focus on the Member's presenting symptoms rather than the final diagnosis. Altrua HealthShare will review medical records for your emergency room visits in order to assess eligibility for sharing.

Cancer Treatments and Screening Requirements

If you selected Cancer Sharing as part of your MyShare membership, the following applies:

- Members who have been diagnosed with a specific type of cancer within the 10 year look back period will have a 5 year pre-existing limitation for testing and/or treatment related to that specific cancer.

- Medical needs related to cancer treatment may be eligible for sharing after a waiting period (subject to your Membership) from the Membership effective date, and upon satisfying any applicable Cancer MRA.
- Sharing for cancer treatment needs is based on the Membership Guidelines in effect as of the date of service.
- Please see Cancer Screening Requirements section for eligibility requirements for cancer sharing.

Laboratory services related to a cancer diagnosis or treatment will be processed according to the Membership Guidelines for Cancer Sharing.

NOTE: If an active member has not selected Cancer Sharing on their MyShare Membership and receives a cancer diagnosis, cancer will be considered a pre-existing condition if the member enrolls in Cancer Sharing under a new MyShare Membership after diagnosis.

NOTE: Subject to additional restrictions based on cancer screening requirements. Must not be currently treated for cancer. Cancer limitations apply

NOTE: The Cancer MRA and Maximum Sharing limits are per year based on the membership effective date. Once the annual Cancer MRA is met, the membership will share in 100% of the allowed amount on eligible medical needs, subject to your chosen Lifetime Maximum Sharing limits.

Cancer Sharing for My Share Members

After meeting the 90-day waiting period, sharing on eligible medical needs related to a cancer diagnosis/treatment are subject to the following service specific Cancer MRA based on the membership selection at the time of enrollment. The Cancer MRA will not apply to the members 1st and/or 2nd MRA.

CANCER MRA	MAXIMUM AMOUNT THE MEMBERSHIP WILL SHARE	CANCER WAITING PERIOD*
\$0	Subject to the lifetime maximum sharing limit selected.	90-Days from Membership effective date.

CANCER MRA	MAXIMUM AMOUNT THE MEMBERSHIP WILL SHARE	CANCER WAITING PERIOD*
\$5,000	Subject to the lifetime maximum sharing limit selected.	90-Days from Membership effective date.

*Subject to additional restrictions based on cancer screening requirements. Must not be currently treated for cancer. Cancer limitations apply.

The Cancer MRA selected is per year and will reset each calendar year, regardless of when the member is first eligible for cancer sharing after the expiration of the waiting period.

Once the annual Cancer MRA is met, the membership will share in 100% of the allowed amount on eligible medical needs, subject to the lifetime sharing limit selected at enrollment.

Screening Requirements

In order for your medical needs related to the below types of cancer to become eligible for sharing after your designated cancer sharing waiting period of your membership, the following screenings are required:

Age/Gender	Required Screening	Type of Cancer	Frequency
Female 40	Mammogram or Breast Ultrasound	Breast Cancer	Every 2 years
Female 40+	Pap Smear or Pelvic Exam if member has had a hysterectomy	Endometrial, Cervical	Every 2 years
Male 50+	PSA	Prostate Cancer	Male 50+

NOTE: The Membership will share up to \$500 for routine mammograms or breast ultrasounds for females 40 and over.

Waiting Period for Female Reproductive Cancer Sharing

When negative test results are dated within 6 months of the Member's effective date, the waiting period for an eligible breast, endometrial, cervical, or cancer diagnosis is 90 days from the date of the Member's effective date. If your initial screening with negative results occurs after your membership effective date, the waiting period will begin from the date of service of the negative results.

Cancer sharing may be subject to additional restrictions based on cancer screening requirements, e.g. must not be currently treating for cancer. Cancer limitations apply.

** Eligibility will be based on the date of service of any required screening and any limitations that may apply

Waiting Period for Male Reproductive Cancer Sharing

When negative test results are dated within 6 months of the Member's effective date, the waiting period for an eligible prostate cancer diagnosis is 90 days from Member's effective date. If your initial screening with negative results occurs after your membership effective date, the waiting period will begin from the date of service of the negative results.

Cancer sharing may be subject to additional restrictions based on cancer screening requirements, e.g. must not be currently treating for cancer. Cancer limitations apply.

** Eligibility will be based on the date of service of any required screening and any limitations that may apply.

FEMALE MEMBERS

Required Routine Mammogram or Routine Breast Ultrasound

For female Members who have been with the Membership for at least 90 days and are within 12 months of their 40th birthday, the membership will share up to \$500 on a routine screening mammogram or a routine screening breast ultrasound for the fulfillment of the screening requirement. A mammogram or breast ultrasound are the only screening options that qualify to meet the Membership requirements for eligibility.

Required Routine Pap Smear or Routine Pelvic Exam

For female Members who have been with the Membership for at least 90 days and are within 12 months of their 40th birthday, the Membership will share in the pap smear or pelvic exam (members who have had a hysterectomy) based on the medical need information received from your provider for the fulfillment of the screening requirement.

Ongoing Female Reproductive Cancer Sharing Eligibility

To maintain ongoing eligibility for sharing of medical needs related to breast, endometrial, cervical, or cancer treatment, female Members aged 40 and over are required to continue to receive a recurring routine mammogram, routine breast ultrasound, pap smear, or pelvic exam every two years from the date of the last negative result. The biennial tests must be performed within 24 months of your last clean test result and you must have submitted those results to Altrua HealthShare. If the recurring biennial test is not performed within 24 months of the date of the last test, then you will be responsible for 50% of the total allowed charges for breast cancer, endometrial, cervical, or cancer treatments after the applicable MRAs have been satisfied.

Failure to obtain negative results of the test listed above will render future medical needs for breast, endometrial, cervical, or cancers ineligible for sharing until an initial negative result has been submitted.

Eligible diagnostic mammograms, diagnostic breast ultrasounds, diagnostic pap smears, or diagnostic pelvic exams are processed towards the member's 1st and 2nd MRA. Once the member has met their 1st MRA, the membership will share simultaneously while meeting the 2nd MRA. After the 2nd MRA has been met, the membership will share on the allowed amount for eligible medical needs up to any sharing maximums listed in the Membership Guidelines. If cancer sharing was not selected as part of your membership, diagnostic testing and any medical needs related to cancer will be ineligible for sharing.

MALE MEMBERS

Required Routine Prostate Specific Antigen Test (PSA)

Male Members who have been with the Membership for at least 90 days and are within 12 months of their 50th birthday, the Membership will share in the PSA Test based on the medical need information received from your provider for the fulfillment of the screening requirement when cancer sharing has been selected as part of your membership.

Ongoing Male Reproductive Cancer Sharing Eligibility

To maintain ongoing eligibility for sharing of medical needs related to prostate cancer treatment, male Members aged 50 and over, when cancer sharing has been selected as part of your membership, are required to continue to receive a recurring routine PSA test every two years from the date of the last negative result. The biennial tests must be performed within 24 months of your last clean test result and you must have submitted those results to Altrua HealthShare. If the recurring biennial test is not performed within 24 months of the date of the last test, then you will be

responsible for 50% of the total allowed charges for prostate cancer treatments after the applicable MRAs have been satisfied.

Failure to obtain negative results of the test listed above will render future medical needs for prostate cancer ineligible for sharing until an initial negative result has been submitted.

Eligible diagnostic prostate tests are processed towards the member's 1st and 2nd MRAs. Once the member has met their 1st MRA, the membership will share simultaneously while meeting the 2nd MRA. After the 2nd MRA has been met, the membership will share on the allowed amount on all eligible medical needs up to any sharing maximums listed in the Membership Guidelines. If cancer sharing was not selected as part of your membership, diagnostic testing and any medical needs related to cancer will be ineligible for sharing.

Circumcisions occurring on an eligible maternity within the first 30 days of the baby's life are eligible for sharing. All other circumcisions are ineligible for sharing unless medically necessary, an advance opinion is recommended.

Ineligible Pregnancy

Medical needs related to an ineligible pregnancy or complications that arise for a mother and infant during an ineligible pregnancy will result in all medical needs related to that pregnancy being deemed ineligible for sharing.

Maternity medical needs for newborns conceived outside of marriage are not eligible for sharing by the Membership. If there are situations about pregnancies that do not meet this standard, please contact Altrua Ministries at 800-597-1183 or email prayer@am.family to confidentially discuss the matter further.

Certain memberships, do not allow for sharing of Members' maternity medical needs, and those needs are therefore ineligible for sharing. If a married Member is on a membership that does not offer Maternity sharing but desires to conceive and wants maternity needs to be eligible for sharing, she must upgrade her membership to a maternity eligible Membership prior to conception, and participate in that upgraded membership for 90 days before needs are eligible for sharing.

With an ineligible pregnancy, the member or legal guardian may apply for membership on behalf of the infant that does not qualify as being born into the membership once the infant is over 30 days old. The infant is subject to the add-on membership enrollment process and membership limitations for any pre-existing conditions apply.

Coordination of Sharing

Altrua HealthShare only shares in eligible needs after all other resources have been exhausted. If your medical needs are covered by other resources such as primary insurance, Medicare, Medicaid, Veteran Affair benefits, Tricare, private grants, or by any liable party such as employer liability, workers compensation, auto insurance or homeowners insurance, your MRAs and Member sharing will apply after any discounts or payments are made to the service provider.

If you have a philosophical objection to the usage of governmental programs for the payment of your medical needs, you need to file a grievance that will be forwarded to the Eligibility Committee for consideration.

If it is later discovered that your medical need has been paid for (or is found to be covered) by another institutional source, third-party or subrogation, Altrua HealthShare has full rights to recover all sharing amounts that were shared on your behalf by the membership.

Altrua HealthShare requires all members to cooperate and assist the membership in determining whether your medical need is discountable or payable by another party. If you have not responded to our request for additional information or verification of information within 180 days of the request, your medical needs may become ineligible for sharing.

Altrua HealthShare will only share eligible medical needs after they have been addressed by any available health insurance. If you cancel or begin health insurance, you must notify Altrua HealthShare Member Services via fax or email. Proof of coverage and the Explanation of Benefits (EOB) from your carrier is required before the membership will share any eligible medical need.

Supplemental Insurance

Supplemental policies pay benefits directly to Members, unless otherwise assigned to help with out of pocket medical expenses, or everyday expenses. If you have supplemental insurance that covers your MRAs, relating to an eligible medical need, we will need a copy of your Explanation of Benefits (EOB) prior to processing eligible medical needs in accordance with our guidelines. Once processing is complete we will provide you with an explanation of sharing. Altrua may request additional information that must be provided by you when requested.

Altrua HealthShare requires that all members cooperate and assist the membership in determining whether your medical need is discountable or payable by another party. If you have not responded to our request for additional information or verification of information is not responded to within 60 days of the request, your medical needs will become ineligible for sharing.

Medicare

When you become eligible for Medicare Part A and/or Part B due to age or disability, you may be required to provide a Medicare Certificate of Coverage. You will also need to provide us with a copy of your Explanation of Benefits (EOB) from Medicare. Please see Form Submissions on the Contact Us page.

Note: If you are already on a membership when you turn 65 years of age, your membership will continue but Altrua will be secondary to Medicare, if you are eligible for Medicare.

Changes to the Guidelines

The Membership Guidelines are reviewed annually by a committee appointed by the Board of Directors. Suggested changes are accumulated throughout the year and are considered on an annual basis.
